**SIXTH ANNUAL REPORT OF THE STATE HISTORIAN
AND DIRECTOR OF THE DEPARTMENT OF
ARCHIVES AND HISTORY FOR
THE STATE OF GEORGIA**

To the State Historical Commission, Hon. Clifford Walker, Ex-Officio Chairman:

Since the last annual meeting of the State Historical Commission, two noteworthy changes have taken place in the Department of Archives and History—the change of the executive and the change of quarters. Dr. Lucian Lamar Knight, founder of the Department and its efficient head for six years, declined re-election as State Historian and severed his active connection with the Department Jan. 1, 1925. Having been elected by your honorable body State Historian-Emeritus, however, it is earnestly hoped and expected that his advice and assistance will be ever available for the up-building and development of the Department. The change in quarters, due to the instrumentality of one of yourselves, was effected in the early weeks of the present year and tends greatly to the increased efficiency of the Department as a whole, the present space being larger, lighter and nearer the State Library in which much of our research is done.

The activities of the Department during the last six months of 1924 continued along the usual lines under Dr. Knight's direction. In addition to the routine work the Colonial wills, now in the custody of this Department, were abstracted and made practically ready for publication.

Following our establishment in this office, attention was turned to the preparation of this year's edition of Georgia's Official and Statistical Register, which is a somewhat more ambitious work than the 1923 issue. Brief sketches of the State House officials, the members of the General Assembly and the judges of the various courts have been included, in addition to certain other data, such as court calendars, state depositories, and county material not heretofore given.

The historical chapter, which it is planned shall be varied from year to year, consists of a calendar of the General Assemblies of Georgia, 1777–1925, and a roster of the House of Representatives, 1777–1925. This is historical data not before available in handy, compact form.

Classed with the routine work of the Department has been the preparation of material for four county histories now in the course of compilation, research covering from several hours' to several days' work for several Georgia authors, transcripts of various records in our possession, facts concerning hundreds of the military and civil service records compiled by the Department, etcetera. The service in this connection might have been several times greater than was actually rendered had the size of the office force permitted.

During the twelve months 30-odd manuscript volumes, including the early records and maps of the W. and A. Railroad, the original bills introduced in the Legislature, 1909-10, 1911-12, and some 500 loose documents, the greater number of which were appointments of county officers during the 1820-40 period, were deposited in the Department by different Capitol officials; and 32 historical volumes, the roster of Georgians serving under foreign flags during the World War, the Confederate Naval Roster, transcripts of certain of the early wills and marriage records of Jackson, Elbert and Brooks counties, and some 50 genealogical compilations were presented the Department.

The attention of the Historical Commission is called to the unpublished Colonial Records—13 volumes—and the unpublished Confederate Records—3 volumes—in the custody of the State Historian. All Students of Georgia History are desirous that these volumes be printed as rapidly as possible and publication depends solely on some arrangement providing for the cost of printing.

The State Historian takes this opportunity to express her grateful appreciation for the support and the ever ready assistance of the members of the Historical Commission during the past year.

Respectfully submitted,

RUTH BLAIR,

State Historian.

Atlanta, Ga.,

June 3, 1925.

PREFACE

This volume is prepared and published under the authority contained in section 7 of the Act of August 20, 1918, directing the publication as follows:

“Be it further enacted, That an official and statistical register of the State of Georgia shall be compiled every two years by the Director to contain: (1) brief sketches of the several State officials, the members of Congress from Georgia, the Supreme Court Judges, Judges of the Court of Appeals, members of Senate and House of Representatives, Judges and Solicitors-General of the Circuit Courts of the State; (2) rosters of all state and county officials; (3) lists of all State “institutions” with official boards; (4) State and county population and election statistics, and (5) miscellaneous statistics bearing upon relative matters of current interest or likely to be of value to the future historian.”

A similar manual, the first, was prepared and issued by the State Historian in 1923.

STATE SONG—GEORGIA

By an Act of the General Assembly of 1922 the following poem written by Robert Loveman and set to music by Mrs. Lollie Belle Wylie was adopted as the official song of Georgia:

From the mountains to the sea,
Where her rivers roll,
There I ever long to be,
O, my heart; my soul;
By her meadows let me lie,
In her vales remain,
Underneath her roof-tree sky
Watch the shadows wane.

Georgia—land of our delight,
Haven of the blest,
Here by happy day and night,
Peace enthrones the breast.
Georgia, Georgia, dearest earth
Underneath the blue,
Clime that ever giveth birth
To the brave and true.

GEORGIA'S STATE FLOWER—THE CHEROKEE ROSE

The Cherokee Rose which grows luxuriantly in all sections of the State was adopted as Georgia's State Flower by the Georgia Federation of Women's Clubs and confirmed by the State Legislature in 1916. Originally thought to be indigenous to Southern soil it is now the opinion of the National Department of Agriculture that the rose was introduced into the State perhaps directly from China or from China by way of England. One well-known horticulturist agreeing with this view gives the year 1757 as the date of its introduction into England and advances the belief that it reached the United States shortly afterwards. The name, Cherokee Rose, is a local appellation derived from the Cherokee Indians who widely distributed the plant, which elsewhere is known by the botanical name of *rosa sinica*. Growing wild the rose is a high climbing shrub, frequently attaining the proportions of a vine, is excessively thorny and generously supplied with leaves of a vivid green. Its blooming time is in the early spring but favorable conditions will produce a second flowering in the fall of the year. In color the rose is a waxy white with large golden center and the petals are of an exquisite velvety texture. Because of its hardy nature the plant is well adapted to hedge purposes and has been used extensively in this fashion throughout the South. The action of the General Assembly in naming this the floral emblem of the State is contained in the following resolution:

Whereas, in many of the States of the Union some flower indigenous to the soil of the State has been chosen as an emblem of its sovereignty; and

Whereas, Hitherto the General Assembly of Georgia has made no such selection; and

Whereas, the Cherokee Rose, having its origin among the aborigines of the northern portion of the State of Georgia, is indigenous to its soil, and grows with equal luxuriance in every county of the State,

Be it therefore by the House of Representatives of Georgia, the Senate concurring, resolved, That, at the suggestion and request of the Georgia Federation of Women's Clubs, the Cherokee Rose be and the same is hereby adopted as and declared to be the floral emblem of the State of Georgia.

THE FLAG OF THE STATE OF GEORGIA

The flag of the State of Georgia was not provided for by legislative action until 1879 when "an Act to declare and establish the flag of the State of Georgia" passed both Houses and was approved by the Governor on October 17th. The description of the flag as given in that Act is as follows: "The flag of the State of Georgia shall be a vertical band of blue next the staff and occupying one-third of the entire flag; the remainder of the space shall be divided into three horizontal bands, the upper and lower of which said bands shall be scarlet in color and the middle band white." The coat-of-arms of the State was added to the flag in 1905 when the Legislature passed an Act "to reorganize the military forces of the State, to adopt and make of force a military code," etc. The provisions for the flag as found in this law and re-enacted in 1916 in "the Act to reorganize the military forces of the State, to conform the organization and discipline to the requirements of the United States," etc., are as follows: "the flag of the State of Georgia shall be a vertical band of blue next to the flagstaff, and occupying one-third of the entire flag; the remainder of the space shall be equally divided into three horizontal bands, the upper and lower of which shall be scarlet in color, and the middle band white. On the blue field shall be stamped, painted or embroidered the coat-of-arms of the State."
